

Sinclair Broadcasting's insistence upon showing a biased and unsubstantiated piece of political vitriol is partisanship of the worst kind. We expect our media companies to be fair and honest in their presentations of "news". Viewers deserve to see both sides of an issue not just the political agenda of the company owners.

If you allow Sinclair to broadcast this highly biased program you must also insist that they broadcast another program like Fahrenheit 9/11 or Going Upriver during prime time and within 24 hours of showing Stolen Honor.

Sinclair is going against the spirit of the law by flaunting their "right" to show what they want. In a Presidential Election year, showing a program that grossly maligns a candidate so close to the election date is simply arrogance and a brazen attempt to throw an election for political and corporate gain.

Please stop this broadcast from being shown.
Thank you.
